Actual Search Engine Marketing Campaigns

All of this on a consistent monthly basis! - meaning that the longer we are able to optimize and perform work in a campaign, the better the results get. Period. This is also the normal for our clients, we rarely have account performance slide into negative numbers because we monitor and make changes regularly. We stay up to date on all of the best paid search techniques and best practices. We spend money and time learning the changes, so you don't have to!
